

ALL OPERATORS LETTER (FSG 030)

Ref: NCAA/FSG/AOL/09/030
23rd April, 2009

To: All Airline Operators

From: Nigerian Civil Aviation Authority

Attn: Accountable Manager / Director of Flight Operations

Subject: **PILOT TYPE AND RECURRENCE TRAINING**

It has been observed by the Authority during the evaluation of documents submitted in support of application for type rating or renewal of licence that unapproved documents are being used for the report of the pilot simulator training even in NCAA approved ATO.

All operators are to note that for simulator training in an approved ATO for both type and recurrency, only NCAA approved documents as contained in Subpart D of the operators Operations Manual will henceforth be accepted for pilot licence issue and renewal.

You are therefore advised to give the approved documents to the ATO to enter the report of the pilot simulator training and endorse as appropriate.

Capt. A. F. Dare
Director, Operations & Training
For: Director General/CEO

The content of this letter is meant for the addressee only. If you receive this letter by error of circulation, please do not hesitate to return it to the NCAA.
